Issue 2 June 2001

SCRA Interest Group: Lesbian, Gay, Bisexual, & Transgender Issues

The LGBT interest group was formed to increase awareness of the need for community research and action related to issues that impact LGBT people, and greater collaboration between LGBT communities and community psychology. It is also meant to serve as a mechanism for communication, collaboration, and support among community psychologists who are interested in research/service/policy related to LGBT people and communities, and/or who identify as LGBT

Did You Know?

...that in 1975 Minneapolis became the first
jurisdiction in the U.S. to include language in its
non-discrimination that explicitly covers
transgender people.

...that for the first time in its 91-year history, the
American Journal of Public Health is
featuring LGBT health as a major theme in its
June 2001 issue. See www.apha.org.

And speaking of special issues...

American Journal of Community Psychology
Special Issue on:

**Lesbian, Gay, Bisexual and
Transgender Communities:
Linking Theory, Research and
Practice**

IS ALMOST DONE!!
